

SUPERCUP 2017

TOURNAMENT REGULATIONS

Organization:

SuperCup is organized by the Institute for Baseball Development (IBD), seated in Prague, Czech Republic. Institute is managed by a group of people with strong background in the game of baseball and willing to help baseball to grow in both quantity and quality. The primal focus is thus oriented on kids. IBD closely cooperates with and is supported by the Czech Baseball Association. CBA and IBD jointly organize a qualification competition called Silver SuperCup to get 15 Czech teams that will take part in SuperCup.

Foreword:

Our main goal is to have fun and develop a strong relation of the kids to the game of baseball. We want to achieve the goal in a structured, positive environment.

The purpose of the tournament and related program is to teach basic baseball skills: running, hitting, throwing and catching. In addition, the responsibilities of belonging to a team, respect for coaches and umpires, and good sportsmanship will be emphasized.

The above expressed goals are more important than the final position in the SuperCup.

All participants, namely organizers, coaches, scorers, parents, spectators are kindly asked to behave in a manner corresponding with the goals.

Remaining 9 teams will get a "wild card" from the organizer. Placing of the teams in the pool brackets will follow the system announced well in advance in case of the Czech teams. Wild card holders will be placed according to the drawing made by the organizer.

It is a long term target for the organizers to invite winners of qualification systems from other countries similar to that currently performed in the Czech Republic.

SuperCup winner, Coach-pitch tournament and Masters:

Supercup consists of two parallel competitions. We will have a winner of the Coach-pitch tournament and also a winner of the Masters skills competition. **The team having the lowest sum of the positions from both Coach-pitch and Masters will be the winner of the SuperCup.** In case two teams finish with equal sum, than the better team from Coach-pitch tournament will be the winner of the Supercup.

Coach-pitch tournament

Basic round: 4 groups, 6 teams in each one. Teams play against each other in each group, two best qualify to the Final round. Teams from 3rd, 4th, 5th and 6th places form "Position rounds" and will compete for "small cups".

Position round: Teams from the third places form a new group of four and play each other for the 9th-12th place. The same applies for the teams from the 4th, 5th and 6th places respectively.

Final round: consists of 8 qualified teams, double elimination system, each team has a chance to win the tournament unless loses twice. Exception - final game: loser of the final game will finish on second place. No repeated final game.

Uniforms

All players must wear the same uniform with unique numbers on the back. The coaches and the coach-pitchers are allowed to have different uniforms, but must be the same for all of them. Coaches and coach-pitchers may not have numbers on their back.

Time Limit/Determining Home & Away

All games except the final game will be played with a strict fifty minutes time limit or 6 complete innings. Final game will be played for 6 innings. No inning can start after time has expired. Time will be kept by the official scorers. We will not finish an inning if the home team is winning & batting when time expires. Home and away teams will be predetermined by the official schedule. Home team will be the team named first in the schedule. Home team is to be located at the 3rd base dugout and the visitors at the 1st base dugout.

Bench

During the games only uniformed players and uniformed coaches (according to this tournament rules) are allowed to be present on the bench.

Parents and fans are strictly forbidden to enter the bench area during the game.

Each team management is responsible, in the relation to the Technical committee, for the behavior of its fans and players' parents.

SuperCup Tie Breaker Rule

Basic Round games end in a tie. All other games must have a winner. If the game is tied after 6 innings or the time limit, the game continues to the next innings, no tie-break rule is applied.

Game

The team mentioned in the schedule as first is the home team.

The game is finished after 6th inning or after the limit. In case the time limit is over during the bottom of the inning and the team at bat is ahead, the game is over. The game is considered as completed in case that, after the 50 minutes time limit, the bottom of the inning is finished. The coaches should assist the umpires to play as much innings as possible by pushing their teams to hustle, run in and out of the field between the innings and take quickly their positions in both defense and offense.

Each inning consists of 5 runs or 3 outs, whichever occurs earlier.

The sixth and ever following inning does not have a limit of 5 runs and are finished only as soon as three players in offense are put out.

In case the game is after 6 innings or the time limit tied, the game continues until a winner is set. No Tie-breaker rule is applied. In case the game can end in Tie (below), the game is always finished after 6 innings or time limit.

Ties are allowed only in the Basic rounds, all other games must have a winner.

Mercy rule

No mercy rule is applied.

Equality (Ties) of games

All ties after the preliminary and position rounds will be settled as follows (in order):

1. The team that won the game(s) between the teams tied shall be given the higher position;
2. The team that has the best Team's Quality Balance (TQB*);
3. The team that has the best Earned Runs Team's Quality Balance (ERTQB).
4. Highest batting average in games between the teams tied
5. A coin flip.

* Teams Quality Balance (TQB) is the sum of runs scored divided by the number of innings played on offense minus the number of runs allowed divided by the number of innings played on defense. $(RS/IPO)-(RA/IPD)=TQB$. When applying point 2, 3 or 4 and one team is selected for the higher or the lower position and the remaining teams are still tied with the same result of TQB, ER-TQB or batting average the order to settle this tie between these remaining teams starts again at point 1. When applying this rule 1(one) out is 1/3rd of an inning.

Substitution

Player from the starting roster is allowed to enter the game again after being substituted in case, that the substitute finished at least one at bat or played in the defense for at least 6 outs in a row.

Masters:

Representatives of all teams will compete in basic baseball skills. The competition consists of following categories: Throwing, Hitting, Running, Infield teamwork.

Always three different players of the team participate in each of the three Master skills disciplines – throw, hit, run. The last 4th discipline - Teamwork – is designed for 6 infielders.

All disciplines are evaluated according to the conversion charts. The complete summary determines the team position in Masters competition.

Masters – The team have to go through all disciplines within 30 minutes, according to the official schedule (if not stated different by the technical commission – for example due to the weather). The final form with all results will be fulfilled and duly signed by the commissioner in charge and the team manager, immediately after the last discipline is finished.
